Al principio estaba muy contento con Preply y con la calidad de los profesores. Pero al hacer cambios en mi suscripción aparecieron aumentos de precio inesperados y el soporte cliente me dijo que no podían revertirlos, incluso intentando corregirlos el mismo día. Es una pena, porque hay buenos profesores, pero la gestión de precios me resultó poco transparente. Estoy muy decepcionado y a fin de mes dejaré la plataforma.

Una plataforma malísima, te recarga saldo aunque hayas dado de baja la recarga automática, te consume el saldo poniéndote clases aunque tú no las hayas programado ni confirmado. Se las abona a los profesores y te las descuenta a ti, y luego descargan en que ellos no tienen la culpa y que le pidas al profesor q te dé clases gratis, aunque cuando con el profesor ya hayas acordado un periodo de parón por no poder estar disponibles ninguno de los 2. Estoy cansada de pagar sin tener las clases.

Apparently unfair teacher recommendation and and inflexible towards faults

Known of bad practices like not paying some session to teachers and hidden costs for the customers

Muy mala experiencia como profesor. Tras más de 50 horas de trabajo, una sola reseña injusta hundió mi visibilidad y mis ingresos. El soporte no ofrece soluciones reales ni empatía. El sistema de valoraciones es desequilibrado y puede destruir meses de esfuerzo con una sola opinión. No lo recomiendo para profesores.

están tomando dinero de mi tarjeta a pesar de que les dije que cancelaran mi suscripción porque el banco ya bloqueó la cuenta de ustedes, pero son tan rateros que tiene distintos registros para hacer los cobros y eso ya es estafa, me acaba de decir que el reembolso me llegará por menor cantidad y no he recibido absolutamente nada, voy a iniciar denuncias ya legales por ESTAFA.
